Subj: FINAL SAMPLING AND ANALYSIS PLAN FOR THE REMEDIAL INVESTIGATION AT
NAVAL AIR STATION, MOFFETT FIELD

We are submitting enclosure (1), the final Sampling and Analysis Plan (SAP) for the Remedial Investigation (RI) at Naval Air Station (NAS), Moffett Field. The Navy has incorporated regulatory agencies' comments into the revised SAP. It is our understanding that this final document is consistent with Federal and State guidance concerning the preparation of a SAP. We plan to begin our fieldwork of the RI by either late April 1988 or early May 1988. Please advise us within two weeks of receipt of this letter if our understanding as to the consistency is incorrect.

Should you have any questions regarding this matter, the point of contact is Commander, Western Division, Naval Facilities Engineering Command (Attn: Ms. Chiao Jue, Code 1146CJ, (415) 377-7502).

Sincerely,

ALEX E. DONG
Head, Environmental Restoration Section
